INDIANA UTILITY
REGULATORY COMMISSION
CAUSE NO. 42749

You are hereby notified that on this date the Presiding Officers in this Cause make the following Entry:

In anticipation of the Prehearing Conference scheduled in this Cause for May 5, 2005, the Presiding Officers pose the following questions, to which responses from the parties will be expected at the Prehearing Conference.

1. What is the current status of any ongoing or concluded negotiations, between or among the parties, regarding successor interconnection or interconnection-like agreements? Should the current status of any negotiations cause any Respondents to be removed from this proceeding?
2. While the allegations initiating this Cause were made prior to the FCC's release of its Triennial Review Remand Order ("TRRO"), there are some logical connections between the issues in this Cause and the requirements of the TRRO, particularly with respect to amending interconnection agreements. Notwithstanding the various allegations that have been made by the parties in this Cause, what specific steps have the parties taken, or what, if any, specific steps do the parties contemplate taking, including steps to amend interconnection agreements, in order to either satisfy the default transition mechanisms established in the TRRO or arrive at alternative arrangements?
3. Given the authoritative changes in law brought about by the TRRO, and the opportunities the TRRO creates for initiating and completing change of law proceedings, should this Cause be held in abeyance so that the parties and the Commission can devote more resources to implementing the TRRO?

Please Note – Room Change: The May 5, 2005 Prehearing Conference will commence at 9:00 a.m., EST, in Room E-306 of the Indiana Government Center South, and not in the Conference Center, Room 32, as previously scheduled.

IT IS SO ORDERED.

William G. Divine, Administrative Law Judge
